Tipard iPhone 4 To PC Transfer Ultimate 2022 [New]

Tipard iPhone 4 to PC Transfer Ultimate is a software application designed specifically for helping you transfer files from your iPhone 4 to your computer or iTunes library. You may copy audio files, videos, TV shows, podcasts, ringtones, pictures, camera rolls, voice memos and camera shot files. In addition, it is able to back up SMS and contacts to your system. Clean feature lineup You are welcomed by an intuitive GUI that displays an Explorer-like layout with all your files found on the device and a built-in audio and video player. The audio items are shown with the aid of different categories, such as Genres, Artists and Albums. Plus, you can view detailed information about each song, such as title, artist, album, genre, size and duration. There's support for image thumbnail preview so you can easily select the photos that you want to transfer to your PC or iTunes library. You can view details about your messages, read the message content right from the main panel, as well as save SMS data to plain text file format. A search feature is also integrated for helping you look for specific items. Built-in media player and file saving options You can play audio and video files, adjust the volume, seek for a position in the video and audio streams, pause or stop the current selection, and go to the previous or next item from the list. The file saving process can be carried out by selecting the files that you want to transfer and specifying the target location where the items are stored. In addition, you may opt for exporting data to iTunes. Configuration settings Tipard iPhone 4 to PC Transfer Ultimate gives you the possibility to refresh or eject the device, pick a folder where the log is saved, and show or hide several categories in the main window (e.g. Music, Movies, Ringtones, Podcasts, Books). Furthermore, you can output files to a single directory or generate subfolders by genre, artist and album, select the saving directory, as well as specify the iPhone backup folder. Bottom line All things considered, Tipard iPhone 4 to PC Transfer Ultimate delivers an intuitive working environment for helping you transfer files from your iPhone 4 to your PC, and is suitable for all types of users, regardless of their experience level. Description: Tipard iPod Music Transfer 2.0 is a software application designed specifically for helping you transfer music and video files from iPod to iTunes library, as well as burning iPod MP
